

POLICY ON SEXUAL AND GENDER-BASED HARASSMENT & OTHER FORMS OF INTERPERSONAL VIOLENCE

STATEMENT OF POLICY

Expertise is a school built upon honor, integrity, trust, and respect. Consistent with these values, Expertise is committed to providing a safe and non-discriminatory learning, living, and working environment for all members of its community. Expertise does not discriminate on the basis of sex or gender in any of its education or employment programs and activities. To that end, this policy prohibits specific forms of behavior that violate Title IX of the Education Amendments of 1972 (“Title IX”); Title VII of the Civil Rights Act of 1964 (“Title VII”). Such behavior also requires the Expertise to fulfill certain obligations under the Violence Against Women Reauthorization Act of 2013 (“VAWA”) and the Jeanne Clergy Disclosure of Campus Security Policy and Campus Crime Statistics Act (“Clergy Act”).

Expertise is committed to providing a work and school environment free of unlawful harassment or discrimination. In furtherance of this commitment, all students and employees are required to take our mandatory Sexual Harassment and Prevention Training upon starting with Expertise and generally every year thereafter. Expertise policy prohibits harassment or discrimination based on race, religion, creed, color, national origin, ancestry, sex (including pregnancy, childbirth or related medical conditions), military or veteran status, physical or mental disability, medical condition, marital status, age, sexual orientation, gender, gender identity or expression, genetic information or any other basis protected by the federal, state or local law. Additionally, in accordance with Title IX of the Education Amendments of 1972, the school has jurisdiction over Title IX complaints.

Expertise’s anti-harassment policy applies to all persons involved in the operation of the school, and prohibits unlawful harassment by any employee of the school, as well as students, customers, vendors or anyone who does business with the ECI. It further extends to prohibit unlawful harassment by or against students. Any employee, student or contract worker who violates this policy will be subject to disciplinary action. To the extent a customer, vendor or other person with whom the school does business engages in unlawful harassment or discrimination, the school will take appropriate corrective action.

As part of Expertise’s commitment to providing a harassment-free working and learning environment, this policy shall be disseminated to Expertise community through publications, the school website, new employee orientations, student orientations, and other appropriate channels of communication. Expertise provides training to key staff members to enable the school to handle any allegations of sexual harassment or sexual violence promptly and effectively. Expertise will respond quickly to all reports, and will take appropriate action to prevent, to correct, and if necessary, to discipline behavior that violates this policy.

AWARENESS PROGRAMS: Awareness program consist of community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration. Expertise provides information and resources to students/employees via:

Alcohol-wise & Sexual Consent Education Module: Each year, all students are asked to take an alcohol education and awareness program.

Domestic Violence Awareness Month: Each year, the Expertise participates in Domestic Violence Awareness Month which focuses around sexual violence awareness and prevention. The programming includes speakers, resources, etc.

ONGOING PREVENTION AND AWARENESS CAMPAIGNS: Ongoing prevention and awareness campaigns consist of programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to, and skills for addressing Prohibited Conduct, using a range of strategies with audiences throughout the Expertise.

RISK REDUCTION: Risk reduction consists of options designed to decrease perpetration and bystander inaction and to increase empowerment in an effort to promote safety and to help individuals and communities address conditions that facilitate violence. The Expertise Police department offers self-defense training. Employees and students are encouraged to attend this basic self-defense training session.

DEFINITIONS

Sexual Assault consists of (1) Sexual Contact and/or (2) Sexual Intercourse that occurs without Affirmative Consent.

Sexual Contact is:

- * Any intentional sexual touching, however slight,
- * With any object or body part (as described below)
- * Performed by a person upon another person

Sexual Contact includes (a) intentional touching of the breasts, buttocks, groin or genitals, whether clothed or unclothed, or intentionally touching another with any of these body parts; and (b) making another touch you or themselves with or on any of these body parts.

Sexual Intercourse is:

- * Any penetration
- * However slight
- * With any object or body part (as described below)
- * Performed by a person upon another person

Sexual Intercourse includes (a) vaginal penetration by a penis, object, tongue, or finger; (b) anal penetration by a penis, object, tongue, or finger; and (c) any contact, no matter how slight, between the mouth of one person and the genitalia of another person.

Affirmative Consent is:

- * Informed (knowing)
- * Voluntary (freely given)
- * Active (not passive), meaning that, through the demonstration of clear words or actions, a person has indicated permission to engage in mutually agreed- upon sexual activity

* Consent is an affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity. It must be given without coercion, force, threats or intimidation. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.

Affirmative Consent cannot be obtained by Force. Force includes (a) the use of physical violence, (b) threats, (c) intimidation, and/or (d) coercion.

Intimidation is an implied threat that menaces or causes reasonable fear in another person. A person's size, alone, does not constitute intimidation; however, a person's size may be used in a way that constitutes intimidation (e.g., blocking access to an exit).

Coercion is the use of an unreasonable amount of pressure to gain sexual access. Coercion is more than an effort to persuade, entice, or attract another person to have sex. When a person makes clear a decision not to participate in a particular form of Sexual Contact or Sexual Intercourse, a decision to stop, or a decision not to go beyond a certain sexual interaction, continued pressure can be coercive.

Sexual Harassment is defined as unwelcome conduct of a sexual nature. It includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment is conduct that explicitly or implicitly affects a person's employment or education or interferes with a person's work or educational performance or creates an environment such that a reasonable person would find the conduct intimidating, hostile or offensive.

Sexual Violence is defined as physical sexual acts engaged in without the consent of the other person or when the other person is unable to consent to the activity. Sexual violence includes sexual assault, rape, battery, and sexual coercion; domestic violence; dating violence; and stalking.

Domestic Violence is defined as abuse committed against an adult or a minor who is a spouse or former spouse, cohabitant or former cohabitant, or someone with whom the abuser has a child, has an existing dating or engagement relationship, or has had a former dating or engagement relationship.

Dating Violence is defined as abuse committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

Sexual Assault occurs when a physical sexual activity is engaged in without the consent of the

other person or when the other person is unable to consent to the activity. The activity or conduct may include physical force, violence, threat, or intimidation, ignoring the objections of the other person, causing the other person's intoxication or incapacitation through the use of drugs or alcohol, and taking advantage of the other person's incapacitation (including voluntary intoxication).

Stalking is behavior in which a person repeatedly engages in conduct directed at a specific person that places that person in reasonable fear of his or her safety or the safety of others.

Bystander Intervention

Bystander intervention consists of safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is risk of an occurrence of Prohibited Conduct. It also includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

PROHIBITED CONDUCT

This policy strictly prohibits sexual or other unlawful harassment or discrimination as well as sexual violence, as defined above. Sexual or other unlawful harassment or discrimination includes any verbal, physical or visual conduct based on sex, gender, race, age, national origin, disability or any other legally protected basis if:

- i. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's education or employment;
- ii. submission to or rejection of such conduct by an individual is used as a basis for decisions concerning that individual's education or employment; or
- iii. it creates a hostile or offensive work environment, which means the alleged conduct is sufficiently serious to limit or deny a student's ability to participate or benefit from the student's education program.

Unlawful harassment or discrimination may include racial epithets, slurs and derogatory remarks, stereotypes, jokes, posters or cartoons based on race, national origin, age, disability, marital status or other legally protected categories.

Sexual harassment is conduct based on sex, whether directed towards a person of the opposite or same sex, and may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", practical jokes, jokes about or displays of obscene printed or visual material, questions about sexual fantasies, preferences or history, and physical contact such as patting, pinching, or intentionally brushing against another person's body. Gender-based harassment, including acts of verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping are strictly prohibited, even if those acts do not involve conduct of a sexual nature.

Complaint/Grievance Procedure

The following grievance procedures shall be used to address sex discrimination complaints filed by students/employees or complaints filed on their behalf against employees, other students, or third parties.

If you believe that you have experienced or witnessed harassment or sexual violence, notify the School Director as soon as possible after the incident. Do not allow an inappropriate situation to continue by not reporting it, regardless of who is creating the situation. No employee, contract worker, student, vendor or other person who does business with Expertise is exempt from the prohibitions in this policy. Supervisors will refer all harassment complaints to the Title IX Coordinator for student-related complaints and to School Director if the complaint involves an employee. In order to facilitate the investigation, your complaint should include details of the incident or incidents, names of the individuals involved and names of any witnesses. A sex discrimination complaint should be filed within 180 days from the date of the alleged discriminatory incident. Upon receiving any report of discrimination, including harassment, regardless of the filing date or when the Expertise receives notice, the Expertise will take steps to prevent recurrence of discrimination and correct its discriminatory effects on the student, and on others, if appropriate. All documentation pertaining to the complaint/grievance will be confidential. The complaint/grievance once received will be maintained in the student's and/or employee's permanent file, which has limited staff access, this includes verbal complaints.

All complaints involving a student will be referred to the campus's Title IX Coordinator. The Title IX Coordinator is listed below and has the responsibility of overseeing all Title IX complaints and identifying and addressing any patterns or systemic problems that arise during the review of such complaints.

The Grievant/Complainant may use the Title IX Grievance Form, but it is not required, to file a Title IX discrimination complaint.

INVESTIGATION OF COMPLAINTS

In response to all complaints, the Expertise promises prompt and equitable resolution through a reliable and impartial investigation of complaints, including the opportunity for both parties to present witnesses or other evidence. The time necessary to conduct an investigation will vary based on complexity but will generally be completed within sixty (60) days of receipt of the complaint. Expertise shall maintain confidentiality for all parties to the extent possible, but absolute confidentiality cannot be guaranteed. In cases where a student does not give consent for an investigation, Expertise will weigh the student's request for confidentiality against the impact on school safety to determine whether an investigation must proceed. Complainants should be aware that in a formal investigation due process generally requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment.

The preponderance of the evidence standard will apply to investigations, meaning Expertise will evaluate whether it is more likely than not that the alleged conduct occurred. Both parties will receive written notice of the outcome of the complaint.

During the investigation, Expertise will provide interim measures, as necessary, to protect the safety and wellbeing of students and/or employees involved.

Initial Assessment

Upon receipt of a report of Prohibited Conduct committed by a Student, the Title IX Coordinator will make an initial assessment of the reported information and respond to any immediate health or safety concerns raised by the report. In this initial assessment, the Title IX Coordinator will:

- A. Assess the Complainant's safety and well-being and offer the Expertise's immediate support and assistance,
- B. Inform the Complainant of the right to seek medical treatment, and explain the importance of obtaining and preserving forensic and other evidence;
- C. Inform the Complainant of the right to contact law enforcement, decline to contact law enforcement, and/or seek a protective order;

D. Inform the Complainant about community resources, the right to seek appropriate and available remedial and protective measures, and how to request those resources and measures. Said resources include written information on available counseling, mental health, victim advocacy, legal assistance, visa and immigration assistance, and student financial aid.

E. Explain the Expertise's prohibition against Retaliation and that the Expertise will take prompt action in response to any act of Retaliation;

F. Assess the nature and circumstances of the report, including whether it provides the names and/or any other information that personally identifies the Complainant, the Respondent, any witness, and/or any other third party with knowledge of the reported incident;

G. Ascertain the ages of the Complainant and the Respondent, if known, and, if either of the parties is a minor (under 18), contact the appropriate child protective service agency; and

H. Communicate with appropriate Expertise officials to determine whether the report triggers any Clery Act obligations, including entry of the report in the daily crime log and/or issuance of a timely warning, and take steps to meet those obligations.

I. Communicate with appropriate Expertise officials if the crime is determined "unfounded" by law enforcement officials so the information may be reported in the Expertise's Annual Security Report as "unfounded" and withheld from its crime statistics.

If the Expertise determines that unlawful harassment or sexual violence has occurred, immediate appropriate corrective action will be taken in accordance with the circumstances involved, and the Expertise will take steps to prevent the recurrence of any harassment or discrimination. Any employee determined by the Expertise to be responsible for unlawful harassment or discrimination will be subject to appropriate disciplinary action, up to and including termination. Remedies for student-related claims may include, but are not limited to, an order to stay away, suspension or dismissal.

To initiate a criminal investigation, reports of sexual violence should be made to "911" or local law enforcement. The criminal process is separate from the Expertise's disciplinary process. To the extent that an employee or contract worker is not satisfied with the College's handling of a harassment or discrimination complaint, he or she may also contact the appropriate state or federal enforcement agency for legal relief.

RETALIATION PROHIBITED

Expertise will not retaliate against you for filing a complaint, and will not tolerate retaliation by students or employees. If you believe you have been retaliated against, you should promptly notify the Expertise Director or the Title IX Coordinator.

REPORTING REQUIREMENTS

Victims of sexual misconduct should be aware that Expertise administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to other members of the campus community. Expertise will make every effort to ensure that a victim's name and other identifying information is not disclosed, while still providing enough information for community members to make safety

decisions in light of the danger. Expertise reserves the right to notify parents/guardians of dependent students regarding any health or safety risk, or a change in student status.
